PRODUCT HIGHLIGHTS

- + AUTOMATIC DOOR CLOSING
- + HIGH CAPACITY AND VERSATILITY
- + COMPACT AND LIGHTWEIGHT

The **Foschi digital centrifuge** is an essential tool for every laboratory, designed to deliver reliable and safe performance.

With a maximum speed of 4000 rpm, the Brushless DC motor guarantees long life and low maintenance requirements, reducing maintenance thanks to the absence of brushes.

With its automatic shut-off system and internal diagnostics, the centrifuge guarantees safe and worry-free use.

Its 12-tube capacity and compact design make it ideal for any work environment, offering uncompromising versatility.

SPECIFICATION	VALORE
MAX SPEED	4000 rpm (increment 100rpm)
MAX RCF	Max 1860xg
CAPACITY	12 tubes of 10ml
TIMER	1-99min, HOLD
MOTOR TYPE	Brushless DC motor
SECURITY SYSTEMS	Door lock – Overspeed – Self-Diagnosis
POWER REQUIREMENTS	AC100-240V/50Hz/60Hz 85W
DIMENSION	(D)255 x (W) 145 x (H) 140mm
WEIGHT	9.2 kg
CLASS OF PROTECTION	Class I
